

We hope you are all enjoying the New Year so far! This is an excellent time to look at your wine cellars and check on all the bottles you have. Today I am presenting you with the opportunity to store some of the best, most unique and rare Tuscan wines.

The 3 Crus of Castello di Ama
APPARITA
BELLAVISTA
CASUCCIA

Coltivated between 400 and 500 meters, these vineyards are some of the best of Tuscany. Apparita is the first Merlot 100% ever produced in Tuscany. A true icon of Supertuscans! Not to mention, Bellavista and Casuccia are the highest point of quality of Sangiovese in Chianti Classico.

I need to thank Castello di Ama for giving me this wonderful opportunity to share some of the best, most beautifully aged Tuscan vintages!
